Manager Update

Hello and welcome to May,

What a beautiful time to celebrate all the 'Mums' we have around us at Marebello. Being privileged to now know the ladies of Marebello better, I can see what strength, love and compassion they bring to their families' lives.

Please remember any gifts in the form of clothing or washable items, will need to be dropped at reception during your visit to be labelled.

Unfortunately, the Covid vaccination clinic was rescheduled by the clinic team until Friday 3 May. All consent forms will be held for the new date and this provides more time for completion of these for anyone that requires it.

The Servizi team have been continuing their wonderful schedules as usual, adding value and facilitating moments of meaning with the residents' they see. The outing on Wednesday was a great opportunity for meal and a chat and the pictures obviously do no justice!

The ongoing roadworks around the area do mean changes to the way we can enter Marebello, and there are more coming up. I will send separate emails and also place these on the community notice board outside the Stradbroke room. I really do appreciate your patience while this continues.

There is another working bee scheduled for Friday 24 May, focusing on the area behind Magnolia and their internal atrium/ courtyard area. This will occur from 10 am until 2 pm and there will be a BBQ lunch provided. If you are able to participate on the day, please let me know as all are welcome. Alternatively if you are unable to attend, but have great ideas- please let me know!

Thank you for your time and contribution and always feedback is warmly welcomed.

Laura Duffy
Facility Manager

Training Update

I would like to re-introduce staff member Cheryllea, as part of the ongoing introduction of staff to the Marebello Community.
Kind Regards, Laura

My name is Cheryllea and you may remember me as the 'Admissions RN' or Care Coordinator. I have now moved into the Training Facilitator role.

Whilst I have genuinely enjoyed my previous roles, education, training, and mentoring the Vacenti staff cohort allows me to pass on my knowledge and provide further training to those new to Aged Care, please see examples of what April brought below:

- staff completed mandatory annual manual handling, hand hygiene and the donning and doffing of PPE;
- a workshop focusing on wounds and another on leadership were held at Shared Services and well attended by our RNs;
- CarePact Wound Specialist Michelle Gibbs provided a Webinar on "IAD" or Incontinence Associated Dermatitis, also well attended by our RNs.
- Additionally, if residents or their families would like to participate in learning activities or have suggestions of topics for staff, please let me know.
- Finally, Mandy, our Peer Assisted Learning Buddy, has transformed the training room into a learning hub for current and future staff- if you would like to please stop by to have a look!

May's Education and Training will focus on "Changing Behaviours and Dementia", more information regarding any upcoming events will be sent in a separate email.

Thank you, Cheryllea.

Cheryllea

Servizi Services

Insite

"Elder Wealth Insights by Quality INSITE" offers a comprehensive financial management service tailored for both residents and residential aged care providers, providing numerous benefits

Our Services

✓ **Maximized Entitlements:**

ElderWealth Insights ensures residents maximize their entitlements by continuously updating and optimizing their financial status. This results in potential increased pension benefits and reduced costs, contributing to financial well-being.

✓ **Financial Transparency:**

Residents gain a clear understanding of their financial assets and income, fostering transparency and trust. This transparency is crucial for informed decision-making and helps residents plan for their future.

✓ **Enhanced Resident Satisfaction:**

Residents experience peace of mind and increased satisfaction knowing that their financial well-being is being proactively managed. This positive experience contributes to a better quality of life within the aged care facility.

**ELDER WEALTH
INSITE LITE**

Residents receive newsletter, webinars and access to a hotline for any questions that arise due to finances that arise due to finance

Lifestyle Update

Welcome to May.

Finally some cooler weather. I so do much enjoy this time of the year. The freshness of the air and enjoyment of being outdoors and soaking up the sun.

April saw us all celebrating those wonderful souls who bravely gave of themselves to afford us our freedom today. We then all joined with each other in song, a strong cuppa and beautiful home cooked ANZAC biscuits. There may have been a game or two of Two-up played but you will never hear that from me.

Some of our residents enjoyed a morning out at the Hoya Garden Centre for our outing this month. Thankfully the heavens abated for us and blessed us with a sunny, cool morning.

We also enjoyed some afternoon drives roaming around the Redland shire.

The gentlemen of our Men's Group laid down their ginger beer batch this month. They then bottled them later in the week. We hope to share them with everyone at a BBQ-Burger Day to be held in May. Family and Friends are welcome to join in on this day and the cost of a burger will be same as standard meals.

We enjoyed learning about St George and our UK residents reminisced about the parades they enjoyed as children back home in England and Scotland. With the cooler weather our Garden club is back in the swing preparing the beds for full colour come Spring. We will be painting the benches around the back of Banksia to match our other benches. We also have a working bee happening for Magnolia occurring on May 24th. Again all family and friends are welcome to join us beautify that section for the pleasure of the residents.

May will see us start a new activity encouraging residents to share their life experiences with everyone and be the Guest Speaker for the day. It is called "Let Me Tell You..." Dimi Tousiss will be our first Guest Speaker and will talk about his time as a motivational coach with some of our elite Olympic athletes. We are also looking for more input from the extended Marebello community into what types of activities you would like to see being offered to our residents. I will be putting out a short survey to capture this in June and would greatly appreciate your cooperation and thoughts.

We will also be celebrating our wonderful Mother's with a High Tea and mini concert on the 8th and giving thanks to all our fabulous volunteers at a luncheon during Volunteers Week on the 22nd. May also sees us thanking our amazing Nurses for International Nurses Day on the 12th. Seems we have another fun packed month of activities for May and I am looking forward to sharing the joy with everyone.

This month's quote ... "We're capable of so much more than we allow ourselves to believe." - Queen Latifah.
